## 2017 AMERICAN EAGLE COINS

Two iconic symbols—Lady Liberty and the American eagle—symbolize the artistic expression of American values and the great American story captured on coins and medals. It's why American Eagle Coins are treasured by collectors around the world.

Considered a masterpiece by many, the American Eagle Gold Coin features a rendition of the legendary sculptor and artist Augustus Saint-Gaudens' "Lady Liberty" design, also known as the Double Eagle. The 22-karat gold coins with proof finishes are available in sizes ranging from one-tenth ounce to one ounce.

Struck in stunning .999 percent fine silver, the American Eagle Silver Coins feature Adolph A. Weinman's magnificent "Walking Liberty" enveloped in the folds of the flag.
